

BROKERS ACROSS THE COUNTRY ARE SAVING A LOT OF TIME.

Have you joined them yet?

I'm ready

Hello,

About a week ago, we announced our new quoting and enrollment tool. A lot of brokers have already made it a part of their daily routine. And, we hope you've had a chance to see how well it can work for you. If not, we're inviting you to **try it right now**. Our solution will not only save you time, but it will make your time more efficient.

Get an easier way to build your book of business:

- Simplified quoting that lets you show clients how much any combination of our medical, dental, vision, life and disability coverages would cost
- Faster enrollment process that lets you see every step of the way
- All in one place, online, in real time

It's all part of your new **Producer Toolbox**

We created a **Quick Reference Guide** to assist with easy navigation. Why not take a few minutes to find out all the ways you can make your job easier, better and faster?
