Statewide options

The Pathway network provides a wide range of doctors and health providers across the state with alignment on the Front Range to maximize cost savings.

Built in partnership with HealthOne/HCA, UCHealth, Boulder Community Health and Parkview Medical Center, this statewide HMO network includes 63 acute care hospitals, more than 2,280 PCPs, and more than 9,000 specialists.

Outside the Front Range, the Pathway network provides access to the same powerful network options that make up our HMO Colorado network.

Coverage out of state

For out-of-state care, health plans on the Pathway network cover emergency and urgent care in the U.S. and worldwide through the Blue Cross Blue Shield Association's BlueCard® program.

Members also have access to our Guest Membership program (also known as Away From Home Care). With Pathway, members or any of their covered dependents who will be away from home (and outside their health plan's service area) for more than 90 days can apply for a Guest Membership to one of our affiliated Blue Cross and Blue Shield plans in that area. A guest membership will allow a member to become a "guest" of that other plan and take advantage of the benefits and coverage it provides.* Guest Membership is ideal for college students attending an out-of-state school, family members living in different service areas or working long-term in another state. It's not available in all regions. Call Guest Membership at 1-800-827-6422 to learn more.
